## Capsule

### Industry. Academia. Entrepreneurs. Innovators.

Overview of the photonics landscape.  
Career development and opportunities.  
Inspirational talks from testimonials

12:00-12:05 Welcome and introduction - Ir. Nathalie Debaes, Vrije Universiteit Brussel

12:05-12:15 THE IMPACT OF PHOTONICS - "The science and technology of light" - Prof. Dr. Ir. Francis Berghmans, Dean of the Faculty of Engineering at Vrije Universiteit Brussel

12:15-12:45 A career in/with photonics starting from bachelor: testimonials

- Research in photonics: pushing the boundaries - Prof. Dr. Ir. Nathalie Vermeulen, Professor at Vrije Universiteit Brussel
- Enabling Bright Outcomes - Ir. Gilles Claeys, Sales Manager Visualization Europe at Barco
- Product development in photonics: from concept to mass production - Dr. Ir. Lawrence Bogaert, "ams OSRAM"

12:45-12:55 Master of Science in Photonics Engineering (MSPE) - Prof. Dr. Ir. Heidi Ottevaere, Head of the Applied Physics and Photonics Department & Programme Director of the MSPE at Vrije Universiteit Brussel

12:55-13:00 Introduction to CARLA VUB Camp 2022 and closing remark - Ir. Nathalie Debaes, Vrije Universiteit Brussel

### Venue.

VUB. Vrije Universiteit Brussel  
Auditoria D0.08, Pleinlaan 2  
Brussel, Belgium
